M'GUIRE HAS ALLOWED BOOM OF WEEKS TO DIE

THEREFORE, FORMER CONGRESSMAN MAY BE SUPERCEDED; CAPITAL NOTES

Washington, D. C., Jan. 20.—It is rumored here that because of the apparent languishment of the Weeks presidential boom in Oklahoma that former Congressman Ired McGuires of Tulsa, may be superseded by another as the local campaign manager of the Massachusetts senator.

Dave Frawley of Tulsa, formerly chief of the capital police force, who is now a special income tax revenue agent, paid a flying trip to Washington this week. Mr. Frawley, who is considered one of the best men in the internal revenue service, is temporarily stationed at Philadelphia, where he is conducting important confidential investigations for the bureau.

Onidas Ferguson has been named as rural carrier on motor vehicle route A, running out of Cordell, Okla. The post office at Cordell, Muskogee county, Oklahoma, has been moved three hundred feet west of the old site.

The senate has confirmed the nominations of the following Oklahoma postmasters: William M. Huntley at Rush Springs, Marian L. Robinson, Dewey.

Capt. James N. Pickering of the sixteenth infantry, has been detailed for duty at the school of musketry at Fort Sill, Okla.

With his faith in military preparedness somewhat shattered but still in the ring, Congressman Bill Murray has returned to Washington from his home at Tishomingo, where he has been looking after his political fences.

The house committee on military affairs has favorably reported the bill introduced by Congressman Scott Ferris to permit the state of Oklahoma to establish a fish hatchery on the Fort Sill military reservation.

Congressmen Hastings and Thompson of Oklahoma, appeared before the house Indian committee this week and urged that the provision be included in the Indian bill for an immediate per capita payment of \$360 to the Choctaws and \$200 to the Chickasaws. Congressman Pat Harrison of Mississippi, spoke in opposition to the payment. It is expected that the Indian bill will be reported to the house this week. A delegation of Osage Indians also appeared before the committee this week in opposition to some of the legislation affecting that tribe which is being urged by the interior department.

Patents were this week awarded to the following Oklahomans: Jack Jackson, Broken Arrow, pipe-laying machine; Joseph Mazer, McAlester, sliding indicator; George W. Moore, Tulsa, washing machine; Solan Smith, Krebs, removable cover for receptacles; George Thomason, Ada, food gate.

The Oklahoma farmer who wishes to sell his products by parcel post and the Oklahoma housewife who wishes this method of securing quality produce for her table will find

SYMPTOMS

Slight Symptoms Sometimes Presage Serious Results.

Do you feel tired, have you a sallow complexion, constipation, headache, bad breath, sleeplessness or circles around your eyes? If so, you are undoubtedly suffering from some liver complaint.

Perhaps you don't feel very badly now, but delay is dangerous. To allow your liver to continue out of order, is to invite a serious chronic illness.

Whenever you have the slightest symptoms of liver trouble, stop it immediately. You can do this harmlessly and mildly by taking **Lio-Ver-Lax**, the natural vegetable compound that is replacing colored laxatives. It has all the effectiveness, not the effect of cathartics. Insist on getting the original **Lio-Ver-Lax**, bearing the likeness and signature of L. K. Grisby, which is guaranteed to give satisfaction or money refunded. For sale by F. B. many useful points in Farmers Bulletin 703, "Suggestions for Parcel Post Marketing," issued by the department of agriculture for free distribution. Probably the point which will make the strongest appeal to the average consumer is that he can secure by parcel post a fresher, brighter, more attractive and thus possibly a better product than he can obtain otherwise.

George Slenaker of Slatersville, W. Va., who was a pioneer Oklahoma oil man, has been named as an inspector in the Indian service. Because of his familiarity with oil conditions in Oklahoma the Indian office has stated that he will not be sent to conduct any investigations in the state.

Billie will shortly be introduced in both the senate and house providing for a \$600,000 payment to loyal Creek Indians.

John W. Crockett of Little Rock, Ark., a lineal descendant of Davy Crockett, and until recently a contender in the Arkansas gubernatorial race and well known to many Oklahomans, has been named as clerk to the senate committee on commerce, of which Senator James P. Clarke of Arkansas, is chairman.

There is more Catarrh in this section of the country than all other diseases put together. And until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and recommended local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by Dr. J. C. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

AD WAR Ireland Not Included.

MEAD TO COME—

London, Jan. 20.—Proceedings in committee in the House of Commons today resulted in no modification of the military service bill. The government strongly resisted an attempt to include married men in the scope of the bill.

The most important amendment sought to include Ireland. This also was negatived after a not very exciting debate, in which John Redmond, leader of the Irish Nationalists, eloquently appealed to the House not to endanger Ireland's loyalty displayed in her splendid recruiting campaign, to an attempt to employ force.

The only amendment accepted was one providing that men married before

Easy Way to Keep Your Hair in Curl

If you have trouble keeping your hair in curl, you'll do well to try plain liquid ammonia. Apply a little at night with a cotton-tipped stick, drawing this down the full length of the hair from root to tip. The hair will dry in the prettiest waves, and curls that can not arrange and which will appear altogether natural. Instead of that old dried-out look which the pomade hair gives, the hair will be soft, lustrous and healthy.

Liquid ammonia is of course perfectly harmless to hair and scalp, and is neither greasy nor sticky. If you will get a few ounces from your druggist you will find it quite inexpensive to use.

Try This AfterShaving

After shaving, give your face a thorough application of Kam-E-Thol. Just rub it in and leave it there while you put away your shaving things! No more sore, "pulled," scratched or shaved-too-close feeling! Kam-E-Thol cools and soothes the most tender skin. It will keep your face clean, soft and happy! You don't know shaving pleasure until you use Kam-E-Thol. Try it once! You'll always keep a bottle on hand. Insist on KAM-E-THOL! Nothing else is like this soothing, cooling, healing antiseptic! Your druggist has Kam-E-Thol—or if he hasn't a supply on hand, send us his name and 25c and we'll send a large bottle direct to you. Money back if not satisfied.

Ottawa, Jan. 20.—The determination of Canada to continue to exert every possible effort to send aid to Great Britain until the war is brought to a victorious conclusion was given expression in Parliament today, first by Sir Wilfrid Laurier, leader of the Opposition, and then by Sir Robert Borden, the Premier. The two leaders declared that while war continued in Europe there shall be no political questions fought out in Canada.

No Conscription in Canada.

Sir Wilfrid Laurier declared that while there would be further sacrifices needed in Canada, he did not think it would be necessary to have conscription here.

ONE PHYSICIAN ASKS ANOTHER TO DUEL

Chicago, Ill., Jan. 20.—"Tut! Tut!" said Dr. John Dill Robertson, "I'm too busy to fight any duels."

Dr. Charles E. M. Fischer's challenge lay at his elbow. Dr. Fischer and the health commissioner had differed publicly on the best way to catch a grip germ. The challenge offered Dr. Robertson the opportunity of presenting Dr. Fischer with five germs, two of them grip germs and three innocent germs. Dr. Fischer would then likewise present Dr. Robertson with five germs containing three pure ones. Then the two physicians would diagnose the collection, pick out the three harmless ones and inoculate themselves with them to prove they had chosen rightly.

"I'm all ready," said Dr. Fischer. "I'll send my engines of destruction to Dr. Robertson any hour he chooses. We'll settle this affair in an intelligent manner. If Dr. Robertson has faith in his ability to spot grip germs he will accept. I am confident of being able to pick out the harmless germs and have no fear of inoculating myself with the grip. Speak to Dr. Robertson."

"Tut! Tut!" repeated Dr. Robertson. "The thing is too much of a joke to take seriously. And I can't be annoyed by duels. I really can't."

PRETTY BLOOMER GIRL MARRIED COLORED YOUTH

BUT MOTHER OF BOY OBJECTS TO THE UNION; POLICE MAKE DISCOVERY

Wichita, Jan. 20.—Circumstances public given a young colored boy by a white girl on a street corner at Kansas City led to the arrest of the couple and the disclosure of the secret marriage of Everett James, son of Mr. and Mrs. Henry James, 1912 North Main street and a white girl of Kansas City. The pair was held several hours pending the investigation of the police, but was released.

The publication of the arrest of young James was the first information received by the boy's parents of his marriage. Mr. James is a janitor at the Federal building.

Young James hearing his mother was ill, returned to Wichita Monday, but his wife didn't accompany him.

When a reporter called at the James home last evening he found the lad with his mother. The wedding was mostly on the part of the girl, said Mrs. James. Her son, who is still in his teens, met his wife while she was playing on the Boston Bloomer Girls' baseball team in this city.

It is said. He left about a month ago for Kansas City, where they were married by a colored minister.

"It's not that I don't want my child married happily," said Mrs. James, "but I don't think it possible for him to be happy when so much race prejudice exists and when he is so young."

Mrs. James stated that she had the girl had told her that she had colored blood in her veins. The son insisted last evening that the girl was part negro.

The James home, a little bungalo, is as cozy and comfortable as any home in the city. The inside is spick and span throughout and exemplifies to a high degree the result of excellent housekeeping. The James family occupies an enviable position in colored society here.

Mr. James is employed as janitor at the federal building. Mrs. James stated that she did not think that her son would return to Kansas City, and his bride likely would not come to Wichita unless on another Bloomer Girls' junket.
